Fill in the “Your Fabrics” column with the fabrics you’ve chosen for your quilt.

From your fussy-cut fabric, you will need enough fabric for the following number of 8.5” squares (which will end up as 8” finished size in your quilt):

- 10 squares for 58” x 70” quilt
- 6 squares for 46” x 58” quilt
- 4 squares for 46” x 46” quilt

If you have an embroidery machine, you can use embroidered squares instead of fussy-cut squares. For example, on a Patriotic quilt, one block could have an embroidered flag, one block could have an embroidered star, etc. Or on a garden quilt, you could have squares of embroidered flowers, rather than fussy-cut squares.
