

Rocket Quilt Guild Mystery Quilt 2015

Clue # 2

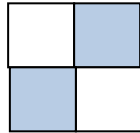

Please read directions first:

Using 10 of the 7 inch squares of **the light and dark** fabrics, make 20 half square triangles. Square up to 6 1/2 inches.

Cut 8 strips at 3 1/2 inches of each of the **light and medium** fabrics. Sub cut into 80 - 3 1/2 inch squares from each.

From these squares, stitch 2 light squares to 2 dark squares to make a 4 patch. Make 40 four patches and square to 6 1/2 inches.

BLOCK A:

To complete Block A, stitch a dark 6 1/2 inch square to 2 of the 5 patches in opposite corners. This should make a 12 1/4 inch block.
