Part 3A Extended Cabin Blocks

Note. In this part, you will do some advance cutting for Part 4. This is so you can use the leftover fabric to cut pieces needed for this part.

Unit 4A — Large Setting Triangles

Step 1: Cut (3) 15 1/2” strips from the **light** fabric.

Cut (5) 15 1/2” squares from the strips.

Cut each square in half diagonally. Save these (10) triangles for Part 4.

Unit 4B — Corner Triangles

Step 2: Cut (1) 10 1/2” strip from the **light** fabric.

Cut (2) 10 1/2” squares.

Cut each square in half diagonally. Save these (4) triangles for Part 4. **Unit 3A**

Unit 3A — Extended Cabin Blocks

Step 3: You will need (36) 4 1/2” x 10 1/2” rectangles for this part.

From the leftover **light** fabric, cut as many 4 1/2” x 10 1/2” rectangles as you can.

Step 4: Count how many rectangles you got from the leftover fabric. Calculate how many more you need and divide your answer by 4. This is how many 4 1/2” strips you need to cut. Then cut the rest of your 4 1/2” x 10 1/2” rectangles from the strips.

For example: Let's say you were able to cut (16) 4 1/2” x 10 1/2” rectangles from the leftover light fabric. You need 20 more rectangles (36 - 16 = 20). You can get 4 rectangles per strip, so you need (5) 4 1/2” strips (20/4 = 5).

(Note. If your fabric shrank a lot during washing, you may not be able to get 4 rectangles per strip and will need to cut more strips.)

Step 5: Use the **light/black** Four Patch units from Part 1. Position the four patch units as shown and stitch to the **light** rectangles. Press toward **light**.

Step 6: Use the Cabin Blocks from Part 2. For each block, position as shown and stitch to the **light** rectangles. Press toward **light**.

Step 7: Stitch the units from steps 5 and 6 together as shown. Press.

Step 8: Square up to 14 1/2" x 14 1/2".

Unit 3B - Border Blocks

Step 9: Cut (5) 2 1/2" strips from the **medium light** fabric.

Cut (5) 2 1/2" strips from the **medium** fabric.

Cut (5) 2 1/2" strips from the **medium dark** fabric.

Cut (5) 2 1/2" strips from the **dark** fabric.

Step 10: Sew (5) stripsets of **medium light/medium/medium dark/dark**.

Press seams toward darker fabrics.

Step 11: Cut (38) 4 1/2" strip units.

(Save leftover stripset in case you need more strip units later.)
