

2016 Mystery Quilt

Clue 1

This mystery quilt makes a 66" by 66" quilt. It features a bold print fabric for the center square and border. A similar fabric (or an additional 1 1/2 yards of the bold print fabric) is used for large rectangles. Fabrics C, D, E, F and G should coordinate with your bold print. Fabric H is used for interior sashing. Fabric D is also used for the inner border. Fabric I is used to make some half square triangles, and could be considered a background fabric.

Fabric Requirements:

- A 1 1/2 yds (Bold print - Center square and border)
